

Introducing our new Norfolk and Waveney

Legacy Mentors

Legacy AHP: Diane Duric

I worked in non-healthcare roles for a large part of my career and in 2004 I completed my ODP training. Following this I relocated to Malta where I worked within the private sector, still in theatres.

In 2010 I moved back to the UK and worked in the private sector again at Eastbourne, Poole and Kings Lynn.

2018 I changed roles to infection prevention and control lead at Sandringham Hospital/QEHKL. I have been in the legacy post since beginning of 2022.

If you are an educational lead, a learner or if you feel that your area would benefit from the support of the legacy mentors:

Feel free to contact myself at:
